PROFESSIONAL SUMMARY

Aspiring Frontend Developer with strong skills in HTML5, CSS3, JavaScript, Bootstrap, and responsive web design, along with backend development knowledge in Java, Spring Boot, JSP, and MySQL. Experienced in creating interactive, accessible, and performance-optimized websites. Passionate about UI/UX design, cross-browser compatibility, and delivering high-quality web applications.

EDUCATION

Government College of Engineering, Erode
B.E. Computer Science Engineering. CGPA: 8.2(2022-2026)

Government Higher Secondary School, Murarbad, Kallakurichi
HSC 88.6%(2020-2021)

Government Girls High School, Murarbad, Kallakurichi
SSLC 85.2%(2018-2019)

TECHNICAL SKILLS

Frontend — HTML5,CSS3,JavaScript,Responsive Web Design

Backend — Java,MySQL(Database)

Framework — SpringBoot,Jsp

Tools&Libraries — Git,Github,OpenCV,Tensorflow,VS Code,Eclipse IDE

Soft Skills — Teamwork,Problem-Solving,Time Management,Adaptability

PROJECTS

E-Commerce Website
Developed a fully responsive e-commerce platform using HTML, CSS, and JavaScript with cross-browser compatibility, smooth navigation, and interactive UI elements.

Student Information Management System
Built with Spring Boot, JSP, and MySQL for managing student records. Implemented login, signup, CRUD operations, and secure session management.

Parking Slot Management System
Designed with Spring Boot, JSP, and MySQL for slot booking and releasing. Added a real-time dashboard and allocation tracking system.

Image Classification (Dog vs Cat)
Created with TensorFlow, Keras, and OpenCV for real-time image classification. Applied data augmentation and preprocessing for improved accuracy.

CERTIFICATIONS

Python for Data Science – NPTEL

Programming in Java – NPTEL

Introduction to MS Excel – Simplilearn

Problem Solving (Basics) - HackerRank

WORK EXPERIENCE

Full Stack Development Intern,   06/2025 – 07/2025
Incrix Techultions LLP (in collaboration with The Masters Academy)
Worked on real-time frontend and backend development projects. Designed responsive UI components using HTML, CSS, JavaScript, and Bootstrap.Integrated backend features using Java, Spring Boot, and MySQL.
